

## Terms of Use Agreement for the Marion Bridge Community Hall

The community hall is managed by volunteers and as a Not For Profit society. As such it is asked that users of the Hall appreciate and respect the level of volunteer effort it takes to maintain this important community asset. Additionally, the Hall is in need of some important upgrades, currently the washroom upgrade project is of utmost importance. All funding raised through the use of the hall is directed to support those projects.

The Hall is provided to you in a clean, organized and orderly state. It is the responsibility of the user to return the hall to that condition no later than 12:00 pm the day following the users event.

Rates - rates for use of the hall are as follows:

- a) \$100.00 for an event that requires Bar Services. Additionally, the Alcohol permit is the responsibility of the user. The governing committee is currently in the process of acquiring a permanent liquor license; once the approval process is complete there will be no requirement for users to obtain a liquor permit.
- b) \$50.00 for an event that does not require Bar Services (Non-alcoholic event).
- c) Free - There are members of the community that provide "In-Kind" services to the hall. And, in recognition of those volunteer efforts there is no charge for the use of the hall for an event.

Water - The water source for the hall is via a dug well. The system has a very basic water filtration system, sediment and biological only. As a result it is asked that you do not use the water for human consumption.

Chairs - All chairs are to be stacked and returned to the storage closet on the carts provided. You will need to be mindful of the door height of the chair closet so that the stacked chairs will roll through the doorframe.

Tables – Tables stored under the stage, folded and stacked on the carts provided.

Once your event is completed please confirm/perform the following:

1. Turn down the Heat. Oil is very expensive and is one of the halls largest expenses.
2. Flush all toilets and urinals.
3. Check all doors are secured and locked.
4. Remove all garbage and place in the garbage bin outside.
5. Turn off the lights.
6. If you used the stoves then shut off Breakers 27 through 33 inclusive.
7. Return all Chairs and Tables to there storage locations.
8. Please drop the Key you were provided for the front door in the Key drop box.

The Community Development Council thanks you for your cooperation.

Any questions or concerns then please contact:

Debbie (Event Coordinator) (902) 317-1382  
Stephen (Project Officer) (902) 578-4882, or  
Allen (President) (902) 217-3138.
